

HEMEL® Timbercare Aqua

Description: Water-based timber preservative for brush and dipping application

Color: Clear

Type: Water-based

General Features:

- Effective woodworms and fungi
- Clear
- Odorless
- Complies with European Norms
- Ready to use

Packaging Size: 1 L., 5 L., 20 L., 200 L., 1000 L.

Where To Use:

- Exterior softwoods to be painted above ground level

Product Data:

Density (g/cm ³):	1 ± 0,02
VOC (g/L):	0
Application Method:	Brush or dipping
Shelf Life (5-35°C):	1 year for unopened plastic can
Number of Coats:	1 coat
Coverage (m ² /L):	Brush: 4-5 m ² / Dipping: 15 L for 1 m ³
Drying Time (at 20°C and 40-65% relative humidity):	Complete Dry: 24 hours
Thinning:	Ready to use, does not require thinning.

Surface Preparation:

- Timber surface must be completely clean and moisture content of the wood should be below 20%.

Application:

- The product is ready to use and does not require thinning.

Brush Application: Brush the product onto the timber until it is fully saturated and allow 24 hours for drying before applying the coating.

Dipping Application: Dip the timber in a tank made of stainless steel, polyester, or polypropylene that contains the product. For softwoods, the dipping time should be around 6 minutes. Once you finish dipping, pull out the treated timber over the tank and let the preservative drip for approximately 2-3 minutes. Wait for 24 hours for the preservative to completely dry before applying any coating.

Instructions:

- FOR INTERIOR/EXTERIOR USE.
- Keep product closed when not in use.
- The general application temperature of the product is between 15°C to 25°C at a relative humidity range of 40-65%.
- The moisture content of the wood should be max. 20%.
- The product should be protected from freezing and stored at temperatures between 5°C to 35°C.
- Painting tools should be cleaned with soap and plenty of warm water after application.

Safety Precautions:

- USE WITH ADEQUATE VENTILATION.
- KEEP OUT OF REACH OF CHILDREN.
- Do not transfer contents to other containers for storage.
- Do not use empty plastic cans for other purposes.
- To avoid overexposure, open windows and doors or use other means to ensure fresh air entry during application and drying.
- Avoid contact with eyes and skin.
- Wash hands after using.
- FIRST AID: In case of eye contact, flush thoroughly with large amounts of water. Get medical attention if irritation persists. If swallowed, call Poison Control Center, hospital emergency room, or physician immediately.
- Dispose of contents/plastic cans in accordance with national regulations.
- Please refer to the Safety Data Sheet (SDS) of the product for health and safety information.
