Product Data:

Density (g/cm ³):	1 ± 0,02
VOC (g/L):	30
Application Method:	Garden broom
Shelf Life (5-35°C):	2 years for unopened can
Coverage (m ² /L):	8-10 m ²
Drying Time (at 20°C and 40-65% relative humidity):	Complete Dry: 24 hours
Thinning:	Ready to use, does not require thinning.

Surface Preparation:

- Clean the surface from dust.

Application:

- The product is ready to use and does not require thinning.
- Shake well the product before use.
- Apply and spread the product on wooden surface by brushing with a garden broom.
- Allow 15 minutes and then rinse off with plenty of clean water.
- One application will normally be sufficient, however, in cases of severe weathering you may need to reapply.
- Wait 24 hours for complete dry before application of any protective coatings.

Instructions:

- FOR EXTERIOR USE ONLY.

- Keep product closed when not in use.
- The use of pressure washer is not recommended since it raises the grain of the wood.
- The general application temperature of the product is between 15°C to 25°C at a relative humidity range of 40-65%.
- The product should be protected from freezing and stored at temperatures between 5°C to 35°C.

Safety Precautions:

- KEEP OUT OF REACH OF CHILDREN.
- Do not transfer contents to other containers for storage.
- Do not use empty plastic cans for other purposes.
- Avoid contact with eyes and skin.
- Wash hands after using.
- FIRST AID: In case of eye contact, flush thoroughly with large amounts of water. Get medical attention if irritation persists. If swallowed, call Poison Control Center, hospital emergency room, or physician immediately.
- Dispose of contents/plastic cans in accordance with national regulations.
- Please refer to the Safety Data Sheet (SDS) of the product for health and safety information.
